

Athena Film Festival

February 5-8, 2015 | Barnard College | New York City

Organizational Partners

Now in its fifth year, the Athena Film Festival has built strong partnerships with community and national organizations to share information about the festival and provide special discounts and opportunities to supporters of women, leadership, and film.

There is no required cost to becoming a festival partner—just a commitment to work with our outreach team to spread the word about the festival!

Partner Benefits

- *Recognition of your organization on the festival website, festival program, and festival social media*
- *Discounted ticket opportunities for your members*
- *Group ticket packages*
- *Priority invites to special events*
- *Opportunity to post announcements to festival patrons*
